Reasons for Allowance

1. The following is an examiner's statement of reasons for allowance: Claims 1-28 are allowable over the arts of record. This is because the arts of record does not teach or suggest the method and system for testing a multi-gigabit transceiver as recited in claims 1, 10 and 19, and including:

Configuring the multi-gigabit transceiver for testing,

Varying a performance aspect of the multi-gigabit transceiver to produce a varied multi-gigabit transceiver;

Providing an input test signal to the varied multi-gigabit transceiver;

Monitoring an output of the varied multi-gigabit transceiver with respect to the input test signal to determine a level of signal integrity;

Determining whether the level of signal integrity provides a desired performance margin; and

When the level of signal integrity does not provide the desired performance margin, adjusting a programmable operational setting of the multi-gigabit transceiver.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Phung My Chung whose telephone number is 571-272-3818. The examiner can normally be reached on Monday to Friday.
